My dear Kathleen:

Your letter from St. John, April 25th

caused me great pleasure; I was
delighted to learn about your success
and the "Royal" reception tendered in

your country. - Glad that you will
be there next season. - We are preparing

now for our summer; in ~~three~~ weeks we
go to Lake George for a complete rest
prior to my summer course at Chicago -
course of 5 weeks from June 27th til
August first. After this date we

going back to Lake George till end of
September. - I sent You my book; did
You receive it? Imagine, the book is
a success, about 3000 copies sold the first
month; the Editor wants me to write
my memories; so when the time comes
that I would be unable to make my living
with my violin I shall become a literary
man. - You must be happy in
Your home, with the flowers, the cat and
absolute freedom; I dreamed about
the same when buying my little cottage
at Loschwitz but did not materialize
like all dreams.

THREE HUNDRED AND TWENTY
WEST SEVENTY-SEVENTH STREET
NEW YORK

Thanks the cleverness of your gardner I
received the Primky Kuroakoff Fantasy
changed, cut and redited it and will come
out in next fall. - This season so rich on
violinists will be outnumbered next
fall and winter; I shall here only Devey
which I did not here since he was a boy,
at Petrograd and of whom some of my
pupils speak as a violinist of the highest
mark. - If possible go to hear Toscha
in London; I am interested to know
what people there will say about him.

Happy creature you are not to be
obliged to exercise scales and different

strokes and not to listen to the hackneyed
repertoire of Violin Concertos and small
pieces; although I teach only 4 days
a week and 4 lessons a day I am so tired of
all the repertoire and all the music!

Good by, my dear Kathleen; keep
well and Mrs. Parlow too. - Always most
Cordially Yours

L. Cauer

During August and September my address
is "Lake George" N.Y.
